Part Number: LTP-Brush-A/B

19" 1U Brush Manager, Type A/B

Product Description

The 1U black rack mount panel with built in brush strip is the ideal accessory to help keep your cables under control. The brush mounting panel is designed for use with 19" server racks. The unique wide brush slots help protect your cables from dust and other contaminants.

Feature

- Rack mount brush panels provide clean and easy cable entry.
- Fits standard 19" server rack and cabinet.
- Can be mounted in place of blank panels.
- Keeps cables tidy while maintaining a dust-free environment.
